

**Status:** Full-time salary employee  
**Benefits:** 401K profit sharing plan, medical, dental, paid vacations & holidays  
**Start/Hire Date:** Immediate

**Summary:**

We are seeking an energetic, motivated and well-organized Estimator to join our estimating department in our corporate office located in Hanover, MD.

PCS, Inc. is the leading provider of specialized environmental construction services throughout the Mid-Atlantic region with annual revenues in excess of \$20M. We currently perform work in Federal, industrial, commercial, institutional and health care facilities throughout MD, PA, DC, VA, WV, DE & NJ. We provide a wide range of services that include asbestos abatement, lead-based paint removal, mold remediation, water & fire damage restoration, interior/exterior demolition, core drilling, concrete cutting, mechanical insulation and a variety of other flooring and surface preparation services.

**Job Requirements & Description:**

This position will require time on-the-road attending pre-bid meetings, walk throughs and bid clarification sessions. There will also be time spent in the office working on preparation of bids and looking at upcoming bid opportunities. Construction experience is required. Computer experience with all MS Windows office applications is also required.

Duties will include:

- Assist estimating department in review of customer specifications, company proposals, engineering drawings and subsequent development of new estimates and change orders.
- Assist in the planning and pre-construction meetings of all new projects scheduled.
- Assist in monitoring the costs during all phases of each project to ensure its profitability and contract requirements. Monitor and review manhour and material costs at the completion of the construction projects.
- Assist in the planning and scheduling of field supervision and manpower requirements prior to start of job.
